Water Softening

ProMate EcoMax

ELIMINATE HARD WATER EFFICIENTLY

ProMate
ecomax

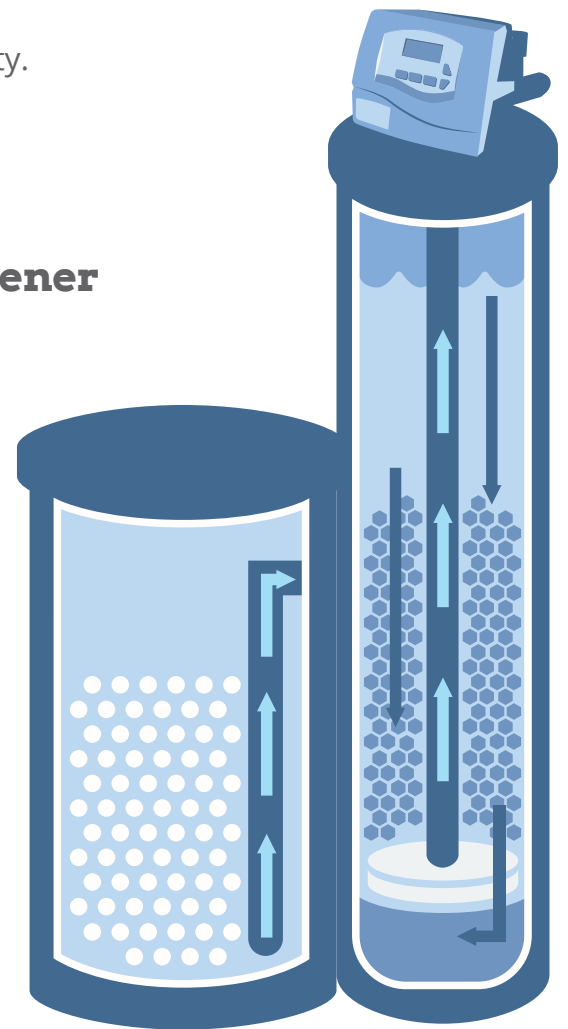

Do more for your water and the environment

The ProMate EcoMax is our highest efficiency model yet, providing over 5,000 grains of capacity per pound of salt used, over a 40% improvement against most systems. Unlike other systems, the ProMate EcoMax is designed for ultimate simplicity and durability. It has no nuts, bolts, screws or microswitches that could cause problems down the road.

Benefits of the ProMate EcoMax Water Softener

- 💰 Save up to 57% on operating costs for your water heater
- 🛠️ Uses less salt, which means less lugging
- 💰 Save up to 70% on soap and detergent
- 🔋 Extends the life of your water using appliances
- 👕 Makes clothing whiter, brighter and less scratchy
- 🍷 No more spotty dishes
- 👐 Softer skin and more manageable hair
- ✨ Cleaner fixtures, stain-free sinks, tubs and showers
