Water Softening

ProMate 6.0-DMT

ONE SYSTEM DUAL SOLUTIONS

ProMate[®] 6.0-DMT
DUAL MEDIA TECHNOLOGY SYSTEM

Water's Journey From Sky to Faucet

As rainwater makes its way through the ground and into our waterways, it picks up minerals like calcium and magnesium. Left unsoftened, hard water leaves skin itchy, makes towels and clothing scratchy and causes mineral scale buildup on fixtures and in appliances.

HOW THE PROMATE 6.0-DMT WORKS

- 1 Raw water enters the top chamber containing either softening or carbon media based on the needs of your home. The media acts like a magnet attracting and removing unwanted minerals from your water, which conditions it.
- 2 Conditioned water flows to the bottom chamber for a second treatment. This step of our dual process is based on your custom water analysis and will reduce hardness or color in your water.
- 3 As water reaches the bottom of the tank, it exits the center tube; soft, clear, ready for use in your home or business.
- 4 Once saturated, the media must be recharged, which is where salt comes in. The salt solution flows through the media, recharging it and flushing unwanted minerals to the drain.

ProMate 6.0-DMT: Superior Performance

Enhanced technology and fewer parts, means less maintenance.

Superior Flow Technology

- Vortech™ distribution plate leverages more surface area for superior performance
- Saving up to 20 gallons per regeneration cycle

ProMate 6.0-DMT

SOFTEN WATER EFFECTIVELY AND EFFICIENTLY

Our ProMate 6.0-DMT system with carbon removes chlorine and improves the taste and odor of your water.

SYSTEM FEATURES:

- 💧 Premium 8% residential resin
- 💧 Corrosion-resistant control valve, body and tanks for a longer life
- 💧 Easy-to-read, back-lit display with customizable settings
- 💧 Lead-free internal components
- 💧 Full-flow bypass valve for the convenience of bypassing the water softener
- 💧 Variable reserve that automatically adjusts to changing water usage

ProMate 6.0-DMT, Process So Nice, We Do It Twice

-  Softer, itch-free skin and more manageable hair
-  Better lathering detergent, shampoo and soap
-  Brighter, softer towels and clothing
-  Spotless dishes and glasses
-  Cleaner fixtures and stain-free sinks, tubs and showers
-  Longer lasting water-based appliances and fixtures

ProMate 6.0-DMT Softener Reduces:

- Calcium
- Magnesium
- Chlorine

It's clear. Removing hard minerals from your home's water makes a difference you and your family can feel, see and appreciate.
